GIEOM

SOFTWARE THAT DRIVES ENTERPRISE PRODUCTIVITY

Founded in 2012, **GIEOM** is the world leader in Enterprise Productivity software products. GIEOM creates software that enables process-driven organizations to increase their operational efficiency, accelerate digital change management, and optimize compliance adherence. We achieve this by producing tools that enable our customers to reduce the risks, inefficiencies, and delays associated with human-driven processes.

GIEOM is an ISO 9001:2015 certified company and enjoys the confidence of over 50 Financial Institutions in more than 40 countries.

GIEOM PRODUCTS

DIGITAL BLUEPRINT

**Manage change
and train employees better**

- Document all the information your employees need in one place: pin forms and other essential documents to process maps.

- The Ops Analyzer enables businesses to identify how changes in one business element will impact other business elements.

- Self-directed learning

- Missed the memo? Context-sensitive notifications inform employees of relevant changes directly on the transaction screen.

- Simple and easy to integrate with any IT system.

POLICY BUILDER

**Allows businesses to convert
external regulatory & policy documents
into valuable internal policies that enable
employees rather than confusing them**

- Experience a significant reduction in regulatory non-compliance.

- Analyze your business to ensure every regulatory change is reflected in your system.

- Quickly communicate changes in policy to the affected departments and personnel.

- Automatic text conversion and search tool features

DIGITAL
CONTROLS
